From the Author

This is the third book in the Bashir Family Romance Series, but was written as a stand-alone novella focusing on Annika's story.

Annika was an incredibly fun and interesting character to write; she thinks she has it all with her good looks, money and prestigious upcoming marriage to a family-approved lawyer. Perhaps she's so focused on external things, she's never given two thoughts about more meaningful things in life. I wanted to take this frivolous character and throw a lot at her: stuck in a charity hospital in a remote part of India, a handsome doctor who deplores ignorant Americans and rebuffs her attempts to use her beauty to get what she wants, and an orphan or two who show her that having materials things is not all its cracked up to be.

Essentially, I wanted to challenge Annika to see if she can re-discover her humanity and figure out what's important in life, and also teach her the meaning of real love and real passion in the process.

::Although this is book 3 in series, this romantic novella was written as a stand-alone romance with a satisfying and happy ending and no cliffhanger::

Now that her best friend has found happiness, Annika Bashir is bursting in anticipation for her own happily ever after. Just one problem: Spoiled, shallow and utterly vain Annika is engaged to a boorish, “family-approved” lawyer who wouldn’t know how to please a woman with an illustrated set of detailed instructions in hand. He’s perfect on paper, but a real letdown in reality. But as long as he keeps handing over his Black American Express card for her frequent shopping excursions, she doesn’t seem too bothered by the lack of passion between them.

Enter Dr. Kiran Patil, a handsome, stoic surgeon at a charity hospital who rocks Annika’s world—and entire worldview—when she breaks her ankle during a short trip to India. But this doctor doesn’t do shallow, and scorns vapid women with an affinity for Gucci handbags and extravagant shopping trips.

Will he scorn Annika also? Or will he become seduced by the woman she has become during her trip to exotic and mystical India, which seems to have the power to peel back her shallow layers and reveal intense passions buried deep down inside?

Great read

By Kindle Customer

Annika while in India looking for her brother Dev breaks her ankle. While at the hospital she meets a handsome Doctor who thinks she is nothing more than a materialistic American. There is more than meets the eye for the characters in this book. Annika not only opens her heart but she realizes that what she once loved can not compete with the true feelings of being in love.

Not just a short trip to India after all

Copy provided for an honest review.

What happens when you take a princess away from her kingdom and show her there is more to the world than handbags and clothes? This story takes Annika on a journey of self-discovery as she meets real people in a charity hospital in India. It is a pleasure to watch her walk away from her shallow nature and embrace people who have nothing, she learns that just because you have money does not mean you have happiness.

Along the way she falls in love with the young doctor who cares she is in and together they open each other's eyes to things in life they were missing. This was a great read.

Don't judge a book by it's cover. . . .

By Stacy M Scott

I have fallen in ? with KC's writing style and sank into her first two books from this series pretty easily.

I have to admit I was a little uncertain when i heard the next book was going to be about Annika because she had come off as shallow and self conceded but this book reminded me to not judge a book by it's cover! I learned a whole new side to this little Indian princess and learned how big of a heart she had.

KC did it again too! She had me tearing up while reading this story but also had my heart going ninety to nothing :-) thank you for ANOTHER great read Kennedy Claire!
