Gorgeous and glorious

By Parka

[[VIDEOID:mo2D7QQ3EADXJZ2]]"When he draws me, I feel like a princess!" - Diana P. Themyscera

"HIS COVERS ARE SO GOOD, IT'S CRIMINAL!" - Selina Kyle

With praises from Wonder Woman, Catwoman and almost Theodore Roosevelt, how can this book be bad?

This 208-page hardcover is filled with beautiful illustrations, each reprinted full page on low gloss paper. Nice. Additionally, there are also pencil sketches and layout that look and feel as good. And every cover comes with insightful commentary from Adam Hughes, so you can find out which is his favourite cover or who's his disliked superhero. Besides the paintings, there are also pictures of figurines and other merchandise created for these characters. Cool.

The main characters for this art book are Wonder Woman and Catwoman, occasionally other superheroes from DC (and only DC) as well. The paintings are gorgeous and glorious. The colours, stylized rendering, glow, and the looks on the faces are all so alluring.

My favourite, among other favourites, is the mugshot of Catwoman, with tears mixed with eye shadow streaming down her cheeks. I like the fact that each cover reveals a bit of the personality and story subtly.

Cover Run is a wonderful collection of quality covers.

Highly recommended to fans, collectors and artists.

Five Stars

By john lucas

The only thing that would make this collection better is if it was a complete collection.

Curse you, Adam Hughes!

By Alexa

Adam Hughes is a better artist than you. Adam Hughes is a better artist than me. Adam Hughes is depressingly, embarrassingly good, and he's making everyone else look bad.

Adam Hughes must be stopped.

So don't any of you buy this book! If you buy this book, Adam Hughes might know how good he is. He might keep drawing, and he might even, (through some dastardly witchcraft,) become EVEN BETTER. And then I might have to kill myself. So don't any of you buy this book!

Since none of you will be buying this book, because I told you not to... I'll let you know what you're missing.

The first 25 pages showcase some of Hughes' earlier work, from the late '80s to early '90s. The largest section of the book, at about 75 pages, is dedicated to his Wonder Woman covers. Then there're about 50 pages of Catwoman covers, followed by 50-ish pages of miscellany (some Superman/fam, Rose & Thorn, Gen13, JLA, Teen Titans, Power Girl, and Batwoman). This is interspersed with a few double-page spotlights on his merchandise-design work (busts, statues, and posters/t-shirts). All sections include sketches, preliminary thumbnails, and commentary, so you get an idea of how the artist works.

This is not a complete sampling of Hughes' work: as the title indicates, only the stuff he's done for DC is represented here. So unfortunately, that means no Tomb Raider, no Red Sonja, no Star Wars, no Marvel characters. The book can't really be faulted for this: it delivers exactly what's promised on the cover. But here's hoping Hughes' will get the chance to publish more collections.

I mean...! Curse you, Adam Hughes!

**DON'T ANYONE BUY THIS AWESOME, AWESOME BOOK!**
