EVIDENCE OF THINGS NOT SEEN BY LINDSEY LANE PDF

When a teenage genius goes missing, the residents of a small Texas town try to unravel the mystery.

Tommy Smythe is missing.

Fact: Tommy was very good at physics and less good at basic human interaction.

Fact: Tommy recorded his thoughts and observations in a notebook.

Fact: Tommy believed in the existence of parallel universes.

Fact: Tommy was adopted.

The conclusions to be drawn from the facts are not simple. Did he run away to find his birth parents? Did he slip through a wormhole and enter one of the multiple universes he believed in? Did he simply wander off? Only one thing is certain: until one possibility is proven true, all possibilities exist.

Told through multiple perspectives, here is a story about how the residents of a small town seek answers to the mystery of a teen's disappearance. Evidence of Things Not Seen by Lindsey Lane explores themes of loneliness, connectedness, and the role we play in creating our own realities.

“Evidence of Things Not Seen masterfully weaves science, suspense, amazing characters, and scintillating writing to create a multiple universe of stories and lives joined by the power of a single mysterious event. Lindsey Lane has written a unique, powerful novel.” ?Francisco Stork, author of Marcelo and the Real World

Print on demand...watch out!

By goldrail

Word to the wise: the edition I ordered from amazon appears to be a print on demand. The problem this process poses: for some reason, the punctuation's incorrect throughout the text. Those absences can be confusing, to say the least; they confound the already challenging aspects of Baldwin's late style.

Brilliant Writer, Waning Powers, Atlanta Child Murders

By Timothy A. Gilmore

This is the last work published by one of America's most brilliant writers. It's far from his best. If you want Baldwin's best, read Go Tell It on the Mountain and The Fire Next Time. If you're willing to see what an elderly James Baldwin, in his waning powers, but with the accumulated experience of this master-writer's lifetime, could bring to ruminations on the Atlanta Child Murders of 1979 to 1981, then read this book.

Different students are interviewed about their relationship to a missing ...

By Tina A. Sanders

Different students are interviewed about their relationship to a missing teen boy who had limited social skills but was a genius in science. Each chapter includes a page from the missing teen's notebook which adds to the suspenseful story. Unique.
