I watched as she moved her fingers faster, her face was covered in a mask of pleasure, her teeth sinking into her bottom lip. She was so fucking beautiful, and I wanted to take her right here, right now. Nothing else mattered.

"You have no idea how badly I want to sink to my knees right now and eat the fuck out of that pussy of yours. I bet it'll taste just as sweet as you look." I couldn't take my eyes off her body her plump tits that were begging to be touched, the curve of her hips, and her shapely legs. I wanted to dig my fingernails into those thighs and lap up every single scream that fell from those soft pink lips.

My eyes lifted to Mia's face, her eyes were wild a frenzied mess that I desperately wanted to jump into. I had never craved a woman so badly. There was a pink tint to her cheeks as she looked me over, her teeth still sinking into her bottom lip. She looked like she had been caught with her hand in the cookie jar, and God how I wanted to be that hand.

"Don't stop on my behalf, baby..." I groaned out the words adjusting my cock in my pants.

"I've never..." she spoke softly, her cheeks growing redder. I smirked at her, shucking off my pants. I would be more than welcome to help her.

"I'm sure you have touched yourself on more than one occasion," I growled as I opened the glass shower door. Her eyes grew to the size of saucers as she saw my cock fully erected coming straight for her. I wanted to laugh in amusement at the sight of her face but didn't.

"I have. I just never have done it in front of anyone," she said shyly. God, she was perfect. The most delectable thing I had ever been given in my life. I wanted to taint her so fucking badly. Dirty up that pure image she had. Once I got there with her she would never picture fucking the same way again.

"I'm about to rock your fucking world, Mia. Don't be shy with me. Not when I can make you come with the flick of my tongue." I dropped to my knees on the tile floor, looking up at her, waiting for those magical words to be spoken.

"Please," she purred.

"Please what?" I gripped her thighs pulling them further apart so I could see her delicate pussy. With a swipe of my finger between her lips, her legs were wobbling, her eyes rolling to the back of her head.

"Mia," I ordered, her name rolling off my tongue like I had spoken it a million times. I was going to savor these moments with her.

"Please...." She sighed. "Fuck me." I could feel her fighting against me as she tried to bring her legs together to get some type of relief. I wiped my finger over her clit again, and she moaned loudly her fingers gripping my hair.

"What was that, baby? I couldn't hear you?" I teased her, wanting her to say it in one full sentence. The build up was the best, even if my cock was begging me to sink into her pink softness. I wanted to fuck her like there was no tomorrow, but I knew she needed more than that.

She gripped me by the back of the head, pulling my hair, and causing a sting of pain to go straight to my cock. I smiled, she was so getting her ass spanked tonight.

"Fuck me, Talon Reed. Fuck me now." I could feel the need in her words and see the desires swirling in her eyes. I was going to make her mine, not only that but I was going to make her beg for every single stroke.

His mouth was filthy.

The way he f\*cked was filthy.

Although an HEA, would've liked a better ending

By Amazon Customer

I enjoyed this book, however, she needs someone to help her edit this book. There quite a few grammatical errors throughout the book as well as some places where you could definitely tell a word was missing from the sentence. I kept thinking 'did she even bother to look over this book for errors?' because there were some spots that were very obvious that something was wrong. My only other qualm is that the ending was a HEA, it felt very abrupt because they have a scene with the parents and it was pretty much like "if you don't like it, oh well" and then "The End". That made it feel like the author was in a hurry to get the book done so she just wrote something real quick to end it. Even if she wanted to end the book with being confronted by the parents, I think it could've been better executed with maybe the confrontation first and perhaps a small prologue. For instance, 2 months later. Other than those 2 things, I enjoyed the book.
