It will certainly include more expertise of you to life as well as function far better. Financial Management For Public, Health, And Not-for-Profit Organizations Fifth Edition By Steven A Finkler, Daniel L. Smith, Thad D Cala, Try it and verify it.

## Review

"The Finkler et al. book is so well balanced, it provides fundamentals on accounting and short-and long-term financial management techniques, as well as advanced-level techniques. The beauty of Financial Management is the way that it provides readers with how-to steps on accounting to interpret financial conditions. It presents advanced topics, but in a user-friendly way, placing the title at the top in the textbook market." -- Jay Ryu "Financial Management for Public, Health, and Not-for-Profit Organizations helps to enhance financial decision-making skills through the application of analytical concepts and decision-making techniques to a variety of financial situations. Its presentation and readability are right for my students." -- Chester Robinson "Finkler et al.'s Financial Management continues to be my book of choice. Its discussions of financial statements, regulatory reporting, and related case studies are terrific! The case studies and exercises at the end of each chapter are great ways to engage students. I continue to recommend this text to my colleagues." -- Karen Kunz

## About the Author

Dr. Steven A. Finkler is Professor Emeritus of Public and Health Administration, Accounting, and Financial Management at New York University's Robert F. Wagner Graduate School of Public Service (NYU Wagner). At NYU Wagner, he headed the specialization in health services financial management for over 20 years. An award-winning teacher and author, Dr. Finkler is engaged in a variety of research topics in the areas of economics and accounting. Among his publications are 25 books, several of which are Financial Management for Nurse Managers and Executives, 5th ed. (with Cheryl Jones and Christine T. Kovner, forthcoming 2017), Accounting Fundamentals for Health Care Management, 2nd ed. (with David Ward and Thad Calabrese, 2012), and Finance and Accounting for Nonfinancial Managers, 4th ed. (2011). He has also published more than 200 articles in many journals, including Health Services Research, Journal of Public Policy and Management, and Healthcare Financial Management. He received a Bachelor of Science degree in economics (dual major in accounting and finance) and Master of Science degree in accounting from the Wharton School at the University of Pennsylvania. His master's degree in economics and doctorate in

business administration were awarded by Stanford University. Dr. Finkler, who is also a Certified Public Accountant, worked for several years as an auditor with Ernst and Young and was on the faculty of the Wharton School before joining NYU. He is a past member of the Executive Board of the International Society for Research in Healthcare Financial Management and the Editorial Board of Health Care Management Review, and he served as treasurer and a member of the Board of Governors of Daughters of Israel Geriatric Center. He was the editor of Hospital Cost Management & Accounting for 12 years and is a past member of the National Advisory Council for Nursing Research at the National Institutes of Health. He consults extensively, both around the country and abroad. Daniel L. Smith, PhD, is associate professor of public budgeting and financial management at NYU Wagner, where he is director of the finance specialization. His research focuses on state government budgeting and financial management and appears in Journal of Policy Analysis and Management, Journal of Public Administration Research and Theory (JPART), Public Administration Review (PAR), Public Budgeting & Finance, and Public Choice, among others. In addition, he is co-editor of JPART and serves on PAR's editorial board. Dr. Smith is vice chair of the Association for Budgeting and Financial Management, and he is a member of the Governmental Accounting Standards Advisory Council. He earned his doctorate in public administration in the School of Public and International Affairs at the University of Georgia. Thad D. Calabrese, PhD, is assistant professor of public and nonprofit financial management at NYU Wagner. His research focuses on not-for-profit and government accounting and finance and is published in the Journal of Public Administration Research and Theory, Public Administration Review, Public Budgeting & Finance, Journal of Accounting and Public Policy, Nonprofit and Voluntary Sector Quarterly, and Nonprofit Management & Leadership (NML), among others. In addition, he currently serves on the editorial board of NML, and he has served on the Association for Budgeting and Financial Management's member-elected Executive Committee. He also co-authored Accounting Fundamentals for Health Care Management, 2nd ed. (with Steven Finkler and David Ward, 2012). Prior to entering academia, he worked as a financial manager in the not-for-profit sector and in local government. Robert M. Purtell, PhD, recently retired as a clinical assistant professor of finance and director of the MPA program at the Nelson A. Rockefeller College of Public Affairs and Policy at the University at Albany, State University of New York. Dr. Purtell came to the academy after a long career as a financial manager and executive in the financial services industry. His research interests and publications focus on the valuation of public assets, the measurement and management of risk in public service organizations, and the use of evidence-based management. Dr. Purtell received his Bachelor of Science degree in mathematics from Manhattan College. He also received a Master of Business Administration degree from the Stern School of Business and Master of Philosophy and Doctor of Philosophy degrees from the Robert F. Wagner Graduate School of Public Service, both of which are at New York University.

Five Stars

By T. Thomas

Easy to follow and understand financial book even for those who are not accountants.

0 of 0 people found the following review helpful.

Solid foundation in public finance

By Amazon Customer

Very easy to understand for a graduate-level textbook. The case studies are relatable, and the exercises at the end of each chapter are very beneficial.
