## Review

"There is simply no better first journey into the vast terrain of Western history than this lively, learned, clear-eyed volume. Another winner for Hine and Faragher."-- Virginia Scharff, University of New Mexico, Autry National Center

"Smart, lively, and lucid, this book takes a sweeping, expansive view of the American West, offering anyone a fine point of departure for exploring the many paths into the past."-- Gregory Nobles, author of "American Frontiers: Cultural Encounters and Continental Conquest"

"From the Caribbean to Canada and from the Atlantic to the Pacific, this marvelous survey spotlights the unexpected twists and turns that occurred when peoples met and mingled and how from these cultural encounters emerged today's American West. Hine and Faragher find in our frontier history the key to "our common past" and a "blueprint for our common future."-- Stephen Aron, Department of History, UCLA

# **FRONTIERS: A SHORT HISTORY OF THE AMERICAN WEST (THE LAMAR SERIES IN WESTERN HISTORY) BY ROBERT V. HINE, JOHN MACK FARAGHER PDF**

Published in 2000 to critical acclaim, *The American West: A New Interpretive History* quickly became the standard in college history courses. Now Robert V. Hine and John Mack Faragher offer a concise edition of their classic, freshly updated. Lauded for their lively and elegant writing, the authors provide a grand survey of the colorful history of the American West, from the first contacts between Native Americans and Europeans to the beginning of the twenty-first century.

*Frontiers* introduces the diverse peoples and cultures of the American West and explores how men and women of different ethnic groups were affected when they met, mingled, and often clashed. Hine and Faragher present the complexities of the American West—as frontier and region, real and imagined, old and new. Showcasing the distinctive voices and experiences of frontier characters, they explore topics ranging from early exploration to modern environmentalism, drawing expansively from a wide range of sources. With four galleries of fascinating illustrations drawn from Yale University's premier Collection of Western Americana, some published here for the first time, this book will be treasured by every reader with an interest in the unique saga of the American West.

Five Stars

By Judy Walker

Informative

7 of 7 people found the following review helpful.

excellent overview

By Jack Alan Robbins

This is an excellent brief overview of the history of the American West. I find I wanted to get into this history having traveled a bit in the West in recent years and was not ready to tackle the author's full history (which I'll do later) and I was not quite ready to read De Voto's 3 volumes. Frontiers served its purpose: I have now read one of De Voto's books and am into a second one. The illustrations in Frontiers and the suggested readings list are both very helpful.

4 of 4 people found the following review helpful.

Easy to read

By AK\_girl

This was one text used for a college class I took. For "required" reading, it has actually been both interesting and very digestible. I actually picked up a second copy to send to my father, just because I think he'll enjoy it. This is not an in-depth history of the West or the US, but it does give an excellent overview of how the "real" West developed (not just Hollywood's "wild west") and themes of Western history. It does a pretty good job of presenting North American history from more than just the European perspective, as well.
