GHOSTING (PAVAD: FBI ROMANTIC SUSPENSE BOOK 10)

BY CALLE J. BROOKES PDF

Dr. Josh Compton had obsessed for more than three years about stopping the serial killer known only as The Ghost. But that monster was always two steps ahead of him. The hunt was starting to take over his life. The only thing that mattered to him was his position with the Complex Crimes Unit of the FBI:PAVAD division and stopping The Ghost.

And then The Ghost decided to come after him...

Dr. Kelly Reynolds spent most of her time trying to figure out just where she fit into the new normal she'd found in St. Louis, with the FBI:PAVAD division and the family she'd reunited with. With the friends she was making. Maybe she'd eventually open up enough to let a few of those friends in...if she didn't fall victim to a crazed serial killer first.

Josh would protect Kelly with everything he had, even if that meant staying close to the woman who only saw him as a friend...

Editing!!!!!!!

By Sparkymom

I have enjoyed the previous books in this series despite small grammatical errors they all seem to be plagued by. Unfortunately, the errors were worse in this book, and the writing style was repetitive. In the other books, I could overlook the errors because the stories and characters were really good. This story was severely lacking in action until the ending, the romantic chemistry was just mediocre. My favorite characters from the previous books were mentioned by name but had no impact on the story or dialog. Honestly, I am pretty irritated because this was not a cheap book, and it did not progress the series at all. I totally could have skipped it. I have noticed the author quickly turning out several PAVAD spin off story's, I wish she would allow down, get back to true suspense stories with fully developed storylines rather than the completely unbelievable and not at all creepy Amazon of a serial killer from this story. Also, a much lower price or some serious editing would be helpful. The PAVAD series has been an automatic buy for me, but it won't be after this book. I seriously hope the author will get back into the style of the great stories like Georgia and Hell, Carrie and Seb, and Paige and Mick.

Good story but not her best work.

By Tina Gummerson

I like the PAVAD series a lot. I have read them all, but I have a couple favorites. This will not be one of them. I was really looking forward to Josh and Kelly's story but it was all over the place. Their interactions were just all over the place, they were both wishy washy about a relationship. On some level that is to be expected but they have been friends for so long I couldn't understand how either one of them could question how much they actually meant each other-even if it wasn't on a romantic level. There was so much more time spent with this back and forth crap between Kelly and Josh and not much time spent on the actual mystery part of the story. I gave it 4 stars because overall I liked the story but it is not one that I will read again anytime soon. There really isn't much description I can give about the story itself. Josh and Kelly figuring it out and a serial killer who has the hots for Josh without his knowledge. She kills so she can get to see him and doesn't like it when she sees Kelly and Josh together. There is a big bru ha ha at the end and then the prospect of the HEA. Of course we know as long as there are future stories we will learn more about their HEA. So if you are a big fan of the series, this is worth the read just be prepared that it might not be one of her best. If you haven't read this series before-go back and start at the beginning with Georgia and Hell's story. You'll be hooked :-)

Not as good as the others

By Cyndi

I enjoyed the first few books in the PAVAD series they were filled with drama and suspense and edge of your seat action. The sex scenes were young adult but the stories didn't need more.

The first book with Georgia and Hellbrook was so intense...from the very beginning I was on the edge of my seat. Not only were they trying to track a killer but someone else was targeting them?!?! So exciting. And the passion between the H & h felt more real.

But around the 4th or 5th book it started to feel like all of the stories were the same. Someone within the FBI or PAVAD was a bad guy or one of the agents were being stalked by crazy psychopaths. I'm disappointed to say that after 10 books I only remember 2 stories standing out as different from the others.

But all in all these are good books and easy reads because they are uncomplicated with enough action and suspense to keep your attention. Plus, the relationship with not only the H & h but everyone on the team plays out so closely you can't help but love them all.
