Best in show!

By Jacob Farr-wharton

Hellbound is one of the most enthralling and energetic books that I've ever read. On a whim, I bought this book and ended up being completely unable to put it down.

The plot is delicious, the characters are so delightfully varied and robust, but they all pale in comparison to the imagery which this book illicit.

Be prepared to be swept away into the underworld... then finding out that you love it!

As a lover of philosophy and anthropology (with several years of Catholic school thrown in) I found this book to be an utterly liberating take on the traditional story of heaven, hell, god and satan.

If you haven't already, do yourself a favour and buy this book... or steal it and become Hellbound!

A New Awakening

By Catherine Podd

Tim Hawken is going to become a very important writer (he already is to many). The description can tell you about the story, but from the first page I had a movie rolling through my head and couldn't put it down.

So many "aha" moments, laughing, and tears. Michael and "Lotte" is the most bittersweet story you'll ever read...The end had me counting down the days and watching Tim's twitter account for updates on the continuation!

I'd go as far as saying I even had a bit of an awakening...

Thank you, Tim.

Read this book!

It's one of those books///

By Timothy Short

I read this book a great while ago and forgot to leave a review. Shame on me! Recently the film Tucker and Dale vs. Evil played a genius little twist on the cliché settings of its genre.

Mr. Hawken is a master of misdirection and a natural story teller. If this book were made into a movie I can only hope someone with serious talent gets involved. I found the dialogue very pulpy and witty. I want to read it again so I can go back to hell one more time. Going there with Hawken isn't so bad.
