By Prudence MacLeod

This is not the usual genre that I read, but I found the teaser interesting. I bought the book and thoroughly enjoyed it. Kaden Shay has a knack for story telling that keeps you flipping the pages, always wanting more. I enjoyed the story and know I will enjoy more of this lady's future works. I gave it four stars, not five,

because it is obviously an early work in the career of this writer. As time goes on it will only get better. I do suggest that shorter paragraphs will make it easier to read on a mobile reader. Outside this, no complaints and I do recommend this author's work. Read and enjoy.

Her Calling (New Beginnings) (Volume 1)

By Amazon Customer

Great book! A definite must read! I absolutely loved this story because I was instantly drawn into the storyline. I could easily picture each of the characters and their different personalities and I loved the subtle growls the characters made reminding the reader that these weren't just average girls. I am looking forward to reading the rest of the books in this series and I would recommend this book to anyone. I've never been too much into books about werewolves, vampires, etc., but after reading Kaden Shay's "Her Calling," I might just be another fan of this genre!
