## **PDF**

This audio CD is designed to supplement Ronelle Alexander's Intensive Bulgarian, a two-volume textbook set that teaches students lively, modern colloquial Bulgarian, familiarizes them with Bulgarian cultural life, and thoroughly explains Bulgarian grammar. Intensive Bulgarian 1 Audio Supplement corresponds to Intensive Bulgarian 1 and Lessons 1–15, which introduce the basic elements of Bulgarian grammar. The audio tracks, spoken by native Bulgarians, present the dialogues for all lessons and supplementary materials for most lessons. Each track is introduced by a brief selection of authentic Bulgarian folk music. Each of the four items—the two volumes of the book and the two CD sets—is sold separately.

Good textbook, bad audio supplement

By sparkster14

This CD is meant to accompany a Bulgarian textbook. While I like the textbook a lot, this CD is much less helpful than a variety of other resources I have found. Essentially the only thing on the CD is a reading of the dialogues in the textbook. In general, this sounds like it would be useful. However, the dialogues are read by native speakers who do not slow down their speech for the recording. There are no translations with the dialogues, and none of the vocabulary is repeated or slowed down at all.

If you are looking for a good pronunciation guide to accompany a textbook, don't buy this item. For the cost of this CD, you can subscribe to a number of online Bulgarian-learning resources that will provide much more benefit.

I still recommend the textbook that this CD is sold with. The textbook itself is a good grammar reference. However, this CD is much less helpful than I expected, even when used with the textbook.

Intensive is the applicable word for the textbook. 3 ...

By Charles A. Smith

Intensive is the applicable word for the textbook. 3 1/2 years later and still on chapter 9. I do not listen to the CD enough. It has normal speech for a variety of age groups. After working on the chapter I can follow the speech patterns.
