ACRYLIC PAINTING TECHNIQUES

By Robert Williams

I love this book. Of the many books I purchased on acrylics and painting in general, this one is the best. About half the book is based upon setting up; how acrylics work, brushwork, making supports (the painting surface) and the artists studio. The second part focuses on the paintings themselves.

Sample or demonstrational paintings are colorful landscapes, seascapes, still lifes and animal scenes. Portraiture has been excluded. Each painting is broken down into a half dozen or so steps so that the reader can easily see how the painting is created.

I especially liked this book because it gave me tips and information (300 tips, techniques and trade secrets) I had not previously seen in other beginning acrylic painting books.

Great book for a beginner like me!

By cissorhand

Just what I was looking for. A beginner painter and trying to learn about different techniques and why to use them. I wanted to know about the different brushes, strokes and methods and this book helped a lot!

By Far the Best Acrylic Painting Book

By Creative

I have purchased many books on acrylic painting and Lee Hammond's Big Book of Acrylic Painting is by far the best. This book has a great introduction for the basics of acrylic painting. It is very formidable, easy to understand with clear step by step instructions on painting with beautiful vivid reference photos.
