Simple, fun, & deep. This book was great!

By R. Gupta

I found this book on amazon after seeing Sri Sri (the author) on the MTV show Fantasy Factory. I liked the episode, and thought I would see what else he says. This book was great, I couldn't put it down. Each page led straight into the next. There's a lot of practical information on being more successful and happier without being preachy or heavy-handed.

I'm sure that I will turn to this book many times. It turned my mood around today.

Practical Wisdom for a Successful Life

By MK

This book puts the word 'success' in a very interesting light. Success is the ability to smile through all challenges. Usually the very word success brings up so many fears, expectations and obstacles in our mind. Smiling through it all sometimes does not even seem like an option!

This book gives practical wisdom to becoming successful in life. The secret lies in learning to handle our mind and understanding life in its depth. It paves the way to living a life of 100% - deeply fulfilling and successful.

I highly recommend this book to all young adults.
