Helpful Guidance

By Dr. Jane Branam

I like these tarot cards because I feel they can help give guidance through Native American symbolism and wisdom. You will have to deeply read the book about the meaning of each card and consider it before deciding what it means to you. I think that the fact it requires thought and meditation to actually see meaning is a good thing, as opposed to a cookie cutter or fortune cookie approach. I also like that these tarot cards don't have an occult association with them. They are more based on Mother Earth, tribal and natural symbols and associations. I have enjoyed using them and I think they help me give insight into some situations.

A great gift for any American

By A Customer

Wonderful stories from a wide range of tribes. This is the deck that feels best to me because it draws on the historically authentic native traditions here in Turtle Island. The correspondences to other mythologies and the meditations at the back give you plenty of extra ideas to work with.

For the novice tarot reader to the highly skilled.

By rebeccamt

User friendly. Spot on accuracy. Interesting and fun. This is the second deck/book I have purchased and highly recommend it for the mystics-Native or not-so Native!
