PARTNERSHIP TAXATION: AN APPLICATION APPROACH, SECOND EDITION BY JONI LARSON PDF

This textbook breaks the complex world of partnership taxation into manageable groupings. Within each group the topics are presented in an organized and easy-to-follow manner. Each topic covered includes numerous examples and practice tips and raises questions about the actual application of specific rules. At the end of each grouping, students are encouraged to bridge the gap between the technical rules and real-life application by applying the rules to a comprehensive fact pattern. The second edition incorporates the latest information on the treatment of start up expenses, the special allocation rules, and qualified joint ventures. It also includes a series of practitioner checklists.

Good book

By Nascar24Dude

The thing I like about this book is that it breaks each concept into a small "bite-sized" chapter. It also contains recommended Internal Revenue Code sections to read to gain a better understanding of the actual tax law being taught.

0 of 0 people found the following review helpful.

Five Stars

By Shelley

well organized and easy to understand for such a complex subject.
