PLAYING THE HAND YOU'RE DEALT BY TRICE HICKMAN PDF

"I can't wait to see what Trice Hickman does next!" --Mary Monroe

"Trice Hickman is an amazing writer and storyteller!" --Kimberla Lawson Roby

Everyone in Emily Eloise Snow's Atlanta, Georgia, hometown knows her as a sweet young woman who always does what's right. But when Emily's beloved mother dies, her quiet life is shaken to its core, leaving her devastated--and ready for a fresh start. Encouraged by her bolder, wilder best friend, Samantha, Emily moves to Washington, D.C. Samantha is sure D.C. will bring Emily her heart's desire. But that's exactly what Emily is afraid of. . .

Since she was eighteen, Emily has fought a fierce longing even Samantha doesn't know about--a love for a man that would break just about every rule she was taught to follow. Now, each step closer to D.C. is a step closer to him--and a sizzling, forbidden passion that could destroy not just her life as she knows it, but the image of the woman, and the friend, everyone believes her to be. . .

"Another wonderful, emotionally-charged page-turner by Trice Hickman." --Urban Reviews

"Will keep you guessing straight through to the explosive ending." --Victoria Christopher Murray

"Unforgettable characters and a page-turning storyline."--Lutishia Lovely

Everyone Deserves to Be Loved...

By A.Q.Branch

Although I was not convinced I would enjoy *Playing the Hand You're Dealt* after reading a synopsis of the book (as the underlying "creep-out" factor that surrounded a young woman falling in love with her best friend's father had the potential to overshadow the sub-plots), Trice Hickman's third novel, *Playing the Hand You're Dealt*, proved to be both a great summer read and the ultimate page turner!

Without giving away any of the story, this is a definite book club must read! Set in Washington, DC, this newest work of fiction from Trice Hickman is so much more than the tale of a torrid affair; rather, I would argue that any of the other sub-plots (i.e., mother-daughter relationships, African American's attitudes toward gays/lesbians, perceived social status, and perceptions of beauty in the African American community) all had enough substance to stand on their own as separate storylines and therefore, were just as central to the development of the characters as the primary storyline.

I do, however, suggest (although not absolutely necessary) that if you have not already read *Unexpected Interruptions* and *Keeping Secrets and Telling Lies*, that you do so before reading this work (as the characters from the other two novels, in a writing style similar to E. Lynn Harris', are intertwined into this storyline and much of the back-story is key to truly understanding the actions and overall development of the characters in this work).

I would have given the book five stars if the nice, neat "fairly tale" didn't seem so contrived.

I am looking forward to reading the next book by Trice Hickman; her works of fiction continue to give a voice to the middle/upper-middle class African American, a voice that will always struggle to be heard in the "land" of street/urban literature that is currently saturating the market.

That tricky kind of love

By Lady Greene

Samantha Baldwin is born with a platinum spoon but can't shake her attraction to the thug in her child's father. She used to the wild life of no responsibility despite the fact that she doesn't have to want for anything financially. She sabotages any chance of being truly happy because of self contempt.

Emily Snow wasn't born with as many leisure's as her best friend but she has lived by the golden rule which has allowed her to live a safe life. When her mother passes away she decided to switch things up in her life and take chances that she normally wouldn't take. Like exploring her attraction to her best friend's father.

This book was very entertaining. I loved the fact that the author was not afraid to step out of what was safe and comfortable and write a book that explored something that is just a little taboo. Almost everyone sees the attraction between Emily Snow and Ed Baldwin, that is everyone except for Samantha and her self absorbed mother who knows that something is going on but can place her finger on it. Feeling each person's emotions as they went through the same situations was priceless. The anxiety and sexual tension that built up between Ed and Emily intensified my reading pleasure. The only thing I wanted more from was the end. I felt like it just concluded without getting the opportunity to see how the two best friends came back together. I wanted to be a fly on the wall when that happened. Still, this book was still very well written and held my attention throughout.

Hearts are Wild

By Jennifer Coissiere "The Tough Critic"

There are some unspoken vows and invisible lines that friends will not cross. In *Playing the Hand You're Dealt* by Trice Hickman, Emily Snow and Samantha Baldwin will try to weather the storm when Emily and Samantha's father, Ed, finally admit to their feelings after 12 years of fantasizing. Samantha felt the need to find Emily the perfect man to warm her lonely nights. Emily felt there was only one man for her and she did not know what to do.

Ever since their college days Samantha and Emily became more than just friends, they were sisters that

would do anything for the other. It only made sense for Emily to move to Washington, D.C. when her mother died. However, Emily did not realize how difficult life would be for her being so close to Ed. She does not want to hurt Brenda, Samantha's mother, or Samantha, but denying her feelings for Ed would cause her the same amount of pain. When Ed and Emily found that the time had come to act on their feelings, their worlds become more complicated than either of them could ever imagine. How many people would be hurt by their actions? Can anyone ever get past the pain?

Samantha is no angel. All her life she has rebelled against her mother. She is a feisty no-holds-barred type of woman. Being around Emily, Samantha tries to learn how to be calmer while making better choices in all areas of her life. What would the revelation of her father's relationship with her best friend do to her?

While reading *Playing the Hand You're Dealt* I found myself shaking my head. The characters were well developed and their emotions were raw. Although I enjoyed the story, the retelling of scenes from the different point-of-views were a tad excessive. I understood why it was important to see the parts of the story from the viewpoint of more than one character but I believe some of it could have been omitted. I recommend this book to readers of contemporary fiction and real life situations full of twists.

The author provided a copy of the book for review purposes.
