SEX FOR SMART WOMEN BY ADRIENNE WEST PDF

Sex For Smart Women is erotica, elevated. Adrienne West is a normal girl who isn't afraid to ask for what she wants—the anti-Anastasia Steele. Her sexual curiosity leads her to venture beyond tropes as she offers up the secrets of 15 shameless encounters, including the time she stripped for her boss, slept with her best friend's father, and for one week, offered up sex to her boyfriend whenever he wanted it. In this bold collection of adventurous tales, West's writing satisfies the erudite and the erotic in all of us. Note: Best read in the bath.

Smart and Surprising

By Mary

This book was written by a woman who at the beginning claims to be different than the Ana Steele's of the novel world. She definitely delivered. This book made my jaw drop with statements of lust and passion. It's refreshing to read something like this, from a woman who has no desire to hide from her own sexuality. I would read anything this woman writes and I would absolutely recommend this to any woman who wants a fresh look at erotic literature.

Brain candy

By Molly McNinch

Great book for people who are looking for a book to explore their sexuality with. It is really hot in some

areas and then there are times that I just cannot believe what happened. Interesting read, basically it is brain candy.
