Magical Unicorn Erotica

By Jule Kijek

Let me start by saying: This book is NOT for Everyone!!! That said, it was one heck of a Hot, Dirty, Erotic, quick read. This book is indeed Beastiality. If you have any doubts about this subject matter, do not buy it, pass it up. If you want a super Hot, Erotic story one click it or read on KU.

I usually do not buy books this short but my curiosity was piqued and it only cost 99 cents. This is my first book of this genre and I will be checking more out. I loved it! If in doubt, download the free sample.

What a wonderfully filthy and erotic read!

By Naughty Book Snitch

Oh, I feel so dirty right now! What a wonderfully filthy read.

Serena and Mo are friends working at Mr. Fullerton's horse ranch for the summer. Serena is the shy quiet one and Mo is the flirtatious outgoing one. Serena and Mo are both crushing on the ranch hand Brett, but Mo's constant flirts are at last successful. Mr. Fullerton isn't the social type and he is all work and no play and never concerned about anyone's feelings or well being. Just the slightest shenanigans on the ranch and Mr. Fullerton will fire you. Serena is shocked when she has a run in with a snake and Mr. Fullerton is there to help and in more ways than one. When Serena needs a quiet spot to relax and get away from it all, she finds a secluded and almost magical waterfall. Here, Serena comes face to face with a unicorn and learns just how majestic they can really be.

I wasn't sure what to expect when I picked this up. I love monster erotica and this is my first unicorn. I gotta admit that I really enjoyed it. Its smokin hot, not a single dull moment in this story and the flow and plot of the story is pretty good. I'm totally digging the horse ranch scene. The sex is really good throughout but I'm not sure how I feel about fisting. It's not bad and there is a point to it, but I just haven't read a lot of books with that in there yet, so I'm still getting used to the idea of it.

Overall it was hot, fun and delicious. For someone who may be thinking about buying this, please be aware that this is not a shifter romance. There is no shift at all. The unicorn is described as almost goat like with a forked tongue. There are hints that his whinny sounds almost human, but that's it. I don't even care and I loved it. I can't wait to read the next one. Cecilia Chase has a new fan!

Scorching hot paranormal erotic story

By Canleanne

Horn of Desire starts off with strong characters and a deceptively intense sex scene right off the bat, as a cast of young men and women work at a Ranch next to the woods for the summer with the owner keeping a pervy eye on them. Serena, a young college-age woman, is too shy to do anything about hooking up with the hot rodeo champ ranch hand but her best friend isn't and this rivalry carries through the story. After some shockingly arousing horse breeding at the ranch, Serena is even more shocked by the older man's seemingly nonchalant treatment of her best friend when they tryst in the hay loft.

When Serena hikes off alone to a secluded waterfall and meets a glowing horse-like creature, she assumes it's one of the ranch animals that got loose. The reality is much more fantastic: unicorns are real and she has stumbled into one of their magical groves.

Unlike creatures of legend, though, these unicorns want young women for much more carnal reasons than the myths would have you believe. Serena is ravaged by the unicorn and the union is literally enchanting. Far from hating it, Serena craves more from the unicorn... both his magic and his 'magical horn' which may not be the one you are thinking of.
