I loved the analogies which will help my wife to understand ...

By E. Scott Lahti

I've done a lot of reading re: Investments. I am trying to spend less time on my investments and get at least the same return.

This book really made sense. I loved the analogies which will help my wife to understand "the Market" as well. Now if I can

just follow my NEW Investment Philosophy, I'm sure all will go well.

Very very very repetitive

By Amazon Customer

It could have been covered in maybe four chapters if it wasn't so repetitive. More if it attempted to prove any of the assertions made. I agree with everything written, but this book wouldn't have convinced me. Maybe previous editions were better written?
