Excellent Source for Reverse Lookup

By A Customer

Absolutely a fine dictionary that is useful to Anglo Saxon students and enthusiasts! A perfect work for finding Anglo Saxon words when one only knows Modern English. It also is a great piece for learning large chunks of vocabulary (fast). This small treasure divides vocabulary into similar categories that almost makes the book not only a dictionary, but a thesaurus as well. (This in addition to having the entire work in alphabetical order)

Great Book on Old English

By Wyatt Kaldenberg

When I bought this book I was not expecting much, however, it is a good little book. It's easy to use. I liked the grouping of Old English words into topics. Well worth the price. It is user-friendly to the layman, which most books on Old English are not.

Active Old English

By agricola

An excellent source for anyone who wants to write or speak Old English. There are even a few "modern" words.
